Focus on the customer's problems

Nice to have vs **Migraines**

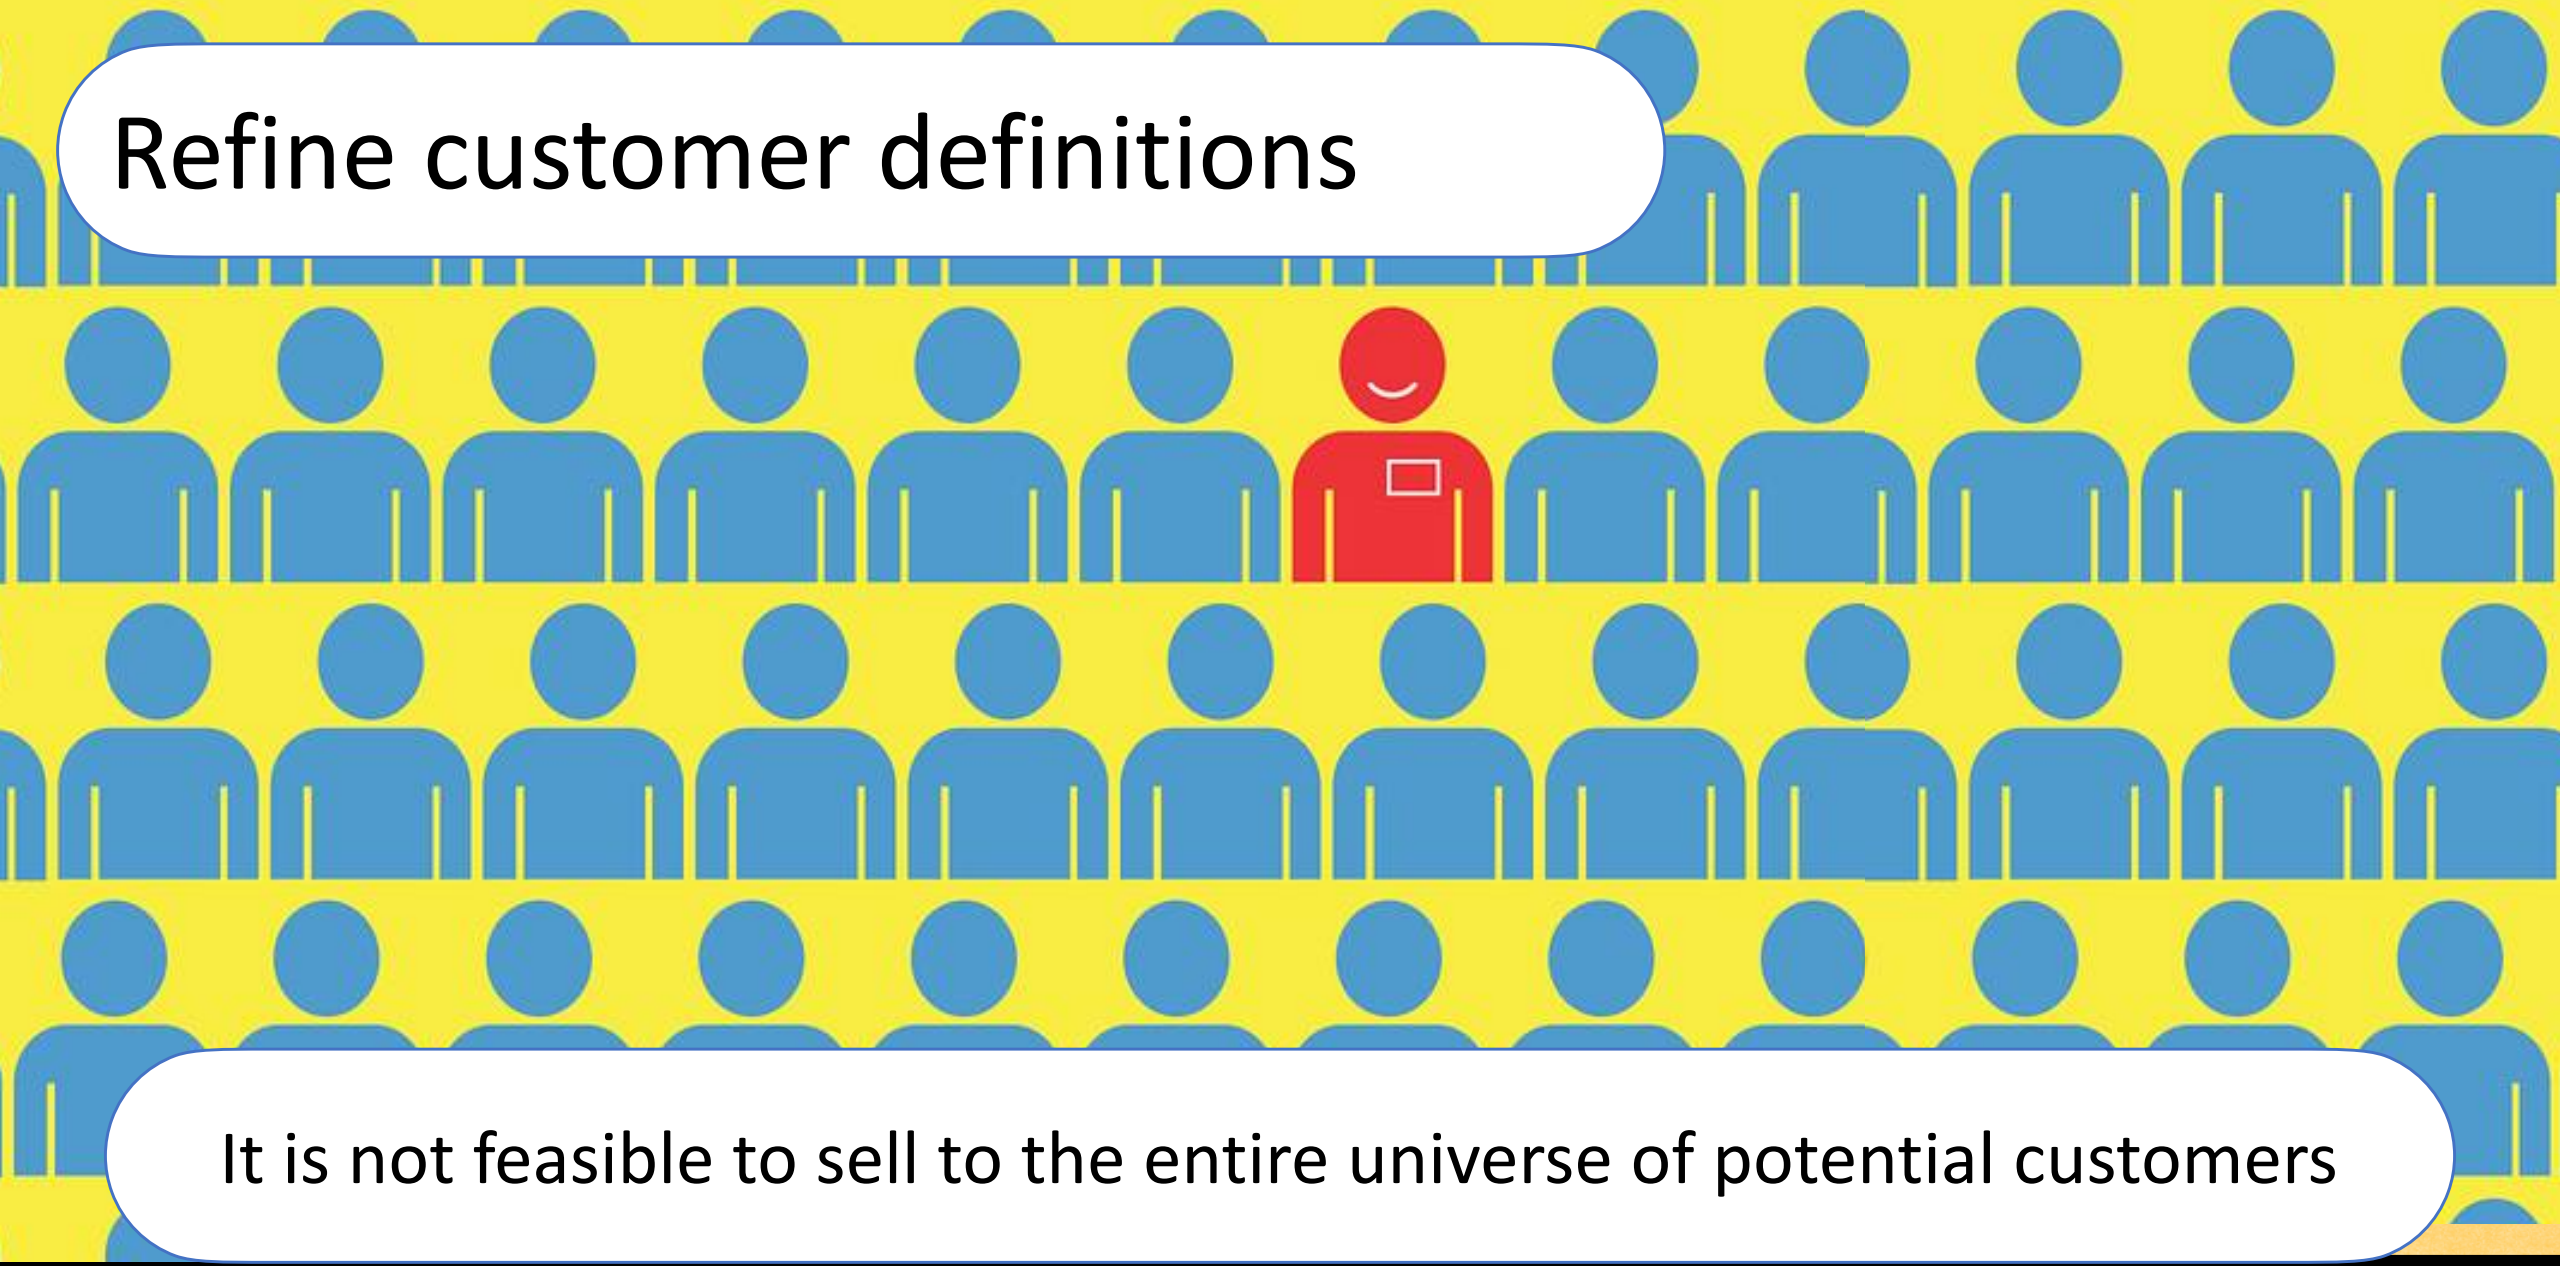

Vitamins vs **Pain Relievers**

Refine customer definitions

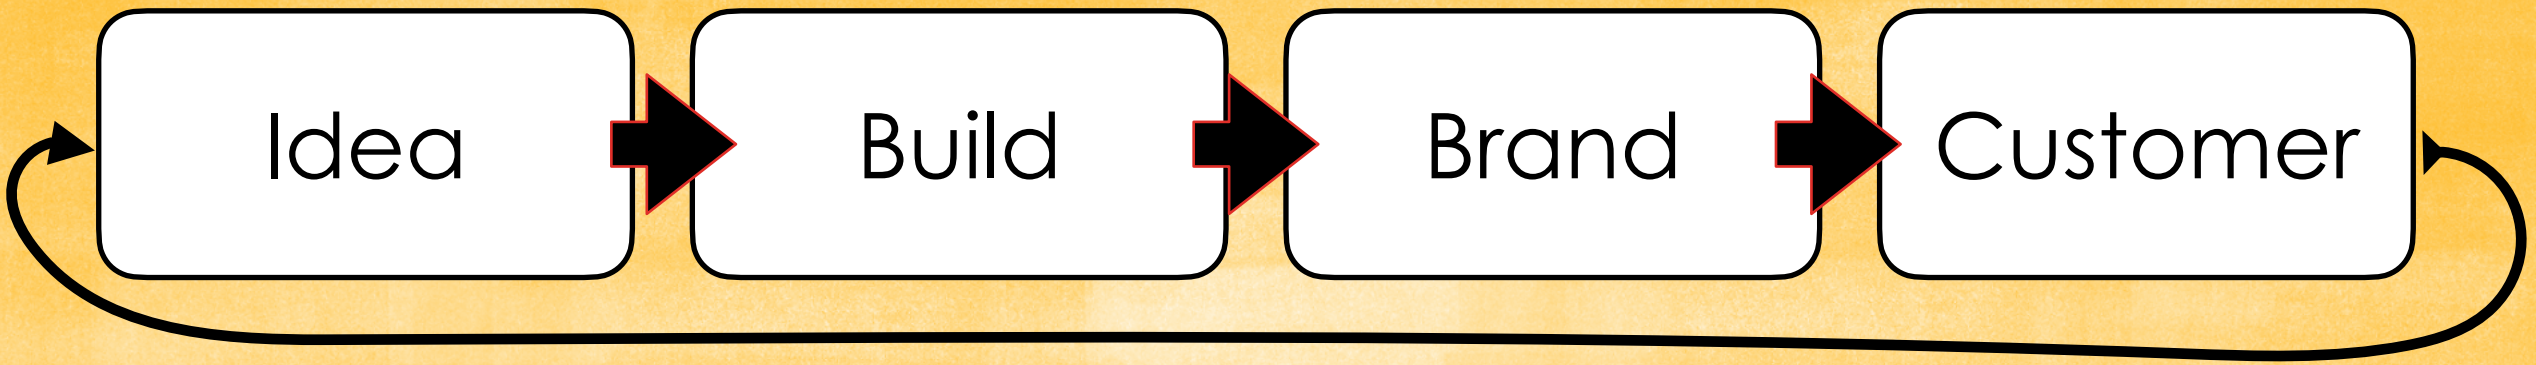

It is not feasible to sell to the entire universe of potential customers

Customer definitions

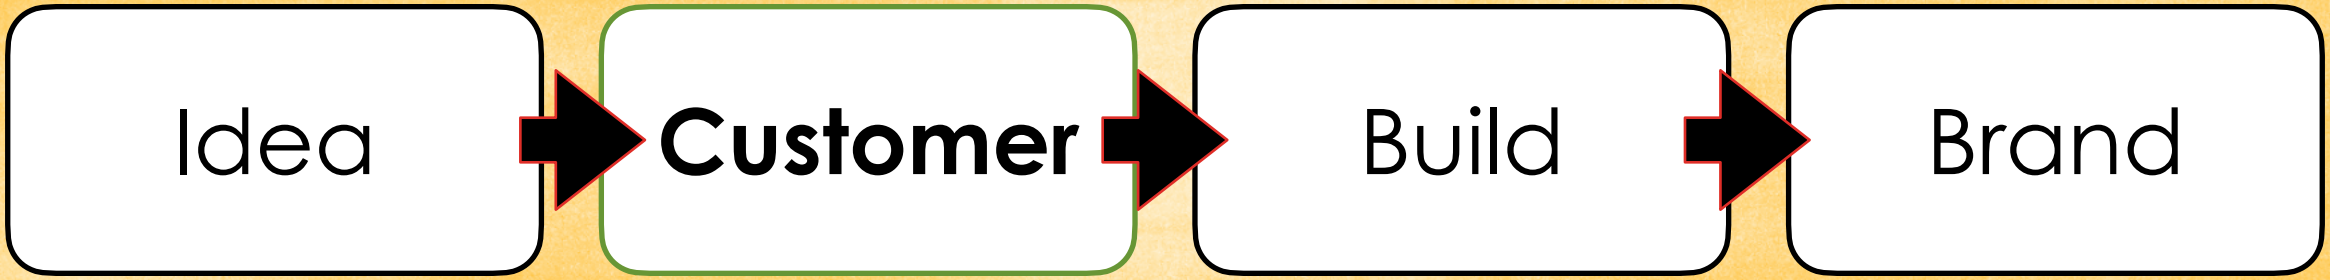

Type	Description
Behavioral/psychographic	How they purchase. How do they use a product. What is their behavior?
Demographic	Segment based on gender, martial status, family, income, education, age, etc. Tends to be too simple.
Geographic	Segments customers based on where they live. Helpful only if there is a limit on geographical reach.

Here's how a startup typically works:

This is the startup loop of **despair**.

Here's how a startup should work:

One Customer

Not a big problem
